How to Get "Top Prices"

WHEN you dump your crops on the market while everyone else is doing the same thing, you can get "top prices."

Only by waiting until the market is no longer glutted with apples, potatoes and the other produce you raise can you get "top prices."

Here's where the concrete storage cellar comes in. Many a man who has one can tell you that its total cost was returned to him the first year by enabling him to hold his crops until prices were right.

You can easily build Concrete improvements by following a few simple directions. Let us send you a free copy of our booklet, "Plans for Concrete Farm Buildings." Write for it today.

A Good Neighbor

A Personal Tribute to Mrs. Chesley Who Has Left Earth

Editor of the Norway Advertiser: I would appreciate the privilege of publishing a few words of tribute to Mrs. Narcissa (Jordan) Chesley, widow of James Madison Chesley, whose death was recorded in the Norway Advertiser dated March 13. My father's farm for some years was in Buckfield, along the road that skirts Streaked Mountain as near the top as the road goes. The Chesley farm was next to the South on the same road, with the Buckfield-Hebron town line between. Mr. and Mrs. Chesley were good neighbors. Their youngest child, now Mrs. Whitman of West Paris, was in the school with my brothers and myself in the old country schoolhouse where the town line ran through the yard and children from both towns attended regularly.

So, we were well acquainted. Mr. and Mrs. Chesley were the kind of people to whom neighbors turned for helpfulness when sickness or death or other trouble visited the household. One realizes the vital force of that when the time comes, as it is with me today, that exactly fifty families live within this block of twenty rods on one street, and I can name only a few of them.

Mrs. Chesley liked to have the neighbors' children call. I recall vividly that when I usually gave her a piece of cheese when I did call there, and cheese was a great thing to the small boy who did not get it at home.

Good neighbors, helpful neighbors; please set it down that the Chesleys were that. Only regret is in Oxford County could fail to realize that those words, without anything further, are a full and noble tribute.—D. Cromett Clark, Sounewick, Mass., Mar. 14, 1925.
